

ultrafilter GmbH extend its global reach: PT ultrafilter Indonesia

ultrafilter GmbH – the world-wide leading manufacturer of purification components for compressed air, technical gases and liquids in private ownership – is proud to announce a further enlargement in global presence: **PT ultrafilter Indoensia**.

With the grand opening of PT ultrafilter in Jakarta, ultrafilter GmbH has strengthened its presence in Asia to provide premium service and knowledge. *“I have now been working in the compressed air industry for more than 20 years. When the opportunity rose to join Ultrafilter GmbH, I did not have to think twice. Ultrafilter has the best products and a great company culture, that creates a motivating environment to work in.”* stated Untung Semedi, managing director of PT ultrafilter.

In order to ensure prompt and local presence in one of the biggest Asian markets, ultrafilter is represented with 6 subsidiaries throughout Indonesia. Well trained, experienced and highly motivated engineers and service technicians provide customers with individual solutions ensuring highest operational safety in their process with a minimum of Investment and operating cost. PT ultrafilter proves that Ultrafilter as a consultative selling company realized that customers trust is the most important capital of a company in which the professional way and business ethics must be kept.
